

Attachment Sales Reference Book

INTRODUCTION

This Catalogue has been created and developed in order to introduce the wide ranging Doosan attachments line-up and support the Doosan dealers.

This catalogue gives you all the General Information, Technical Specifications, Carrier Compatibilities and Required option kits that dealers and customers would need to select right attachments for required application.

*Information is valid till further notice. Doosan reserves the right to modify attachments without prior notification. Please check with your local District Manager.

DOOSAN ATTACHMENTS WITH 6 GOOD REASONS

ONE-STOP SHOP

One place for complete solutions :
(carrier + attachments + parts + service)

QUALITY

Products manufactured with the highest level of standards

ENGINEERING APPROVED

Optimized for Wheel loader equipment high efficiency and performance, resulting in lower running and maintenance cost.

WARRANTY

Avoid compatibility issues and operation differences from using non-approved attachments

SERVICE

Broad coverage via the Wheel loader service network, fully supported by Wheel loader product specialists.

PLUG & PLAY READINESS

Easy to install and operate.

Table of contents

Excavator attachments

EARTH MOVING

- Buckets
- Quick Coupler
- Plate Compactor
- Hydraulic piping kit

DEMOLITION

- Hydraulic Breaker
- Fixed Pulverizer
- Rotation Crusher
- Multi Processor
- Steel Shear

MATERIAL HANDLING

- Multi Grapple
- Stone Grapple
- Log Grapple
- Orange Grapple
- Clamshell Bucket

Wheel loader attachments

- Buckets (pin-on type)
- Quick Coupler
- Light Material Buckets
- V-shape Rock Buckets
- Pallet Fork
- Material Handling Arm
- Grapples

Heavy Excavator Attachments

Doosan's portfolio of attachments is designed to work in all types of working application. The new range of Doosan attachments which is offered, is developed based on customer's requirements and satisfaction criteria through worldwide market feedback. The attachments series consists of demolition, material handling, earth moving and connecting attachments.

Clamshell Bucket

Material Handling Attachment

Doosan Clamshell buckets are designed for handling industrial waste, rock, sand, grain, or cereal.

[options]

- Rotating system : Hydraulic Rotation / Manual rotation
- Bucket type : sand bucket without tooth General Purpose bucket with tooth

Required Hyd. Piping Option : 2 way & Rotating pipe line

TECHNICAL SPECIFICATIONS

Model Name	Applied Excavator	Rotation option	Tooth option	Part no.	Weight [kg]	Capacity (m ³)	Bucket width (mm)
